## **DOCB**

Retro-Reflective Photoeye Package.

Retro reflective sensor, economical, 36 ft. range, with reflector, and mounting bracket. Typical applications include using the sensor as a safety sensor for garage doors or outdoor gates, as an overhead door security sensor, an industrial automation to detect small objects on a manufacturing line, an entry detection system for store fronts, an assistant in measuring parking distance, and as an alarm sensor.

The Complete Package Includes:

Reflector Sensor  
Reflector  
Mounting Bracket

### Features

12 - 250 VAC/VDC  
Weatherproof (IP66) construction for indoor/outdoor usage  
Pre-wired 6-foot cord  
Bracket and mounting hardware included for both sensor and reflector  
Adjustable response time and sensing range  
Compact size
