

TU-G538-2

Housing: In AISI 304 or AISI316 stainless steel.

Arm: Barrier-bar of stainless steel.

Technical data

Indicator: LED.

Passage width: 650 mm.

Performance rate: 30 per minute.

Power supply: 100-240 V.

Operating voltage: 24 Vdc.

Maximum power consumption: 30 W.

Frequency: 50-60 Hz.

Protection level: IP >44.

Operating temperature: -25 a +70

Dimensions excluding bars

(millimeters): 2100 x 1500 x 2350

Net weight including bars: 240 kg.
