Roll-Up Door Operator

JL-RP-800-1P

For doors up to 800 kg

A single-phase motor with all the functions of a roll-up door operator, offering excellent value for money.

Low voltage and high output deliver efficient, powerful, quiet operation for smoother performance and a longer service life.

Equipped with a backup power controller, it allows the roll-up door to be opened and closed easily and conveniently, even during power outages.

TECHNICAL SPECIFICATIONS

- **Power supply:** 120 VAC
- **Frequency:** 60 Hz
- **Input power:** 1325 W
- **Rated current:** 10.5 A
- **Speed:** 40 rpm
- **Rated torque:** 647 N·m
- **Max. lifting height:** 7 m
- **Max. continuous run time:** 7 min
- **Insulation class:** Class B
- **Duty rating:** S2
- **Operating temperature:** -15°C to 45°C
- **Protection rating:** IP40

JL-RP-800-1P

For doors up to 800 kg

Roll-Up Door Operator

FEATURES

- Simple, attractive design with powerful performance.
- Lightweight and easy to install.
- The motor can be installed on either the left or right side of the door.
